

## **Commitment to Character**

**The Core Virtues.** FCA is concerned with the ethical and moral dimensions of a student's life. The goal is to assure that all students, on leaving school, will have developed a keen sense of personal and civic and global responsibility inherent in what it means to live as a Christian, committed to both the Great Commandment and the Great Commission. This is best accomplished through discipleship relationships between teachers and students, as well as students with other students, that instruct, reprove, correct, encourage and motivate members of the community to pursue Christ-likeness in all areas of life.

Numerous core values, as presented in Scripture (i.e. worship, respect, submission to authority, compassion, perseverance, giving, serving, integrity, honesty), are presented and emphasized to guide the students as they walk in excellence in living, as well as in learning. Transforming discipleship takes place through the collective efforts of the teachers as mentors partnering with the parents.

**Living With Purpose.** These scriptural, core values are taught both by word as well as deed. Through the curriculum, the school climate, and through community service, students are encouraged to apply the lessons of the classroom to the world around them. The goal for graduates of Franklin Christian Academy is to be equipped to enter the next learning phase of their life (i.e. college, workforce, ministry) with a steadfast commitment to God's purposes and God's ways (Revised 07/11/08).
